I would like to thank all of you who have contributed to the Miracia Hospital Project in Haiti. A special thanks to all those who contributed funds to complete the water cistern and the ramp over the past two years. With the help of God Almighty and your contributions the cistern is now covered and the ramp to the third floor has been built above it.

At this time, the challenge for us is to inaugurate Miracia in January 2018. I need to raise \$40,000 as startup fund. The Lord God Almighty has been gracious to us in the past; therefore, He will continue to grant us favor to make the inauguration possible. Please, help us with your donation to raise \$40,000.

Below, is an explanation of \$40,000 we are seeking. Thank you for your monetary participation in this fund-raising effort. Please, make Check payable to the Institute of Grace.

*Jean Filostin*

Executive Director, Institute of Grace  
1221 Van Buren St., NW #202A
